

 *the journey*

I engage in a journey of insight, change and transformation and open myself up to new un-thought of possibilities for my life.

 *the journey*

TRANSFORMS

 *earth*

My actions are now congruent with financial stability and security.

Every financial decision I make, big or small, is aligned with my priority for security and stability.

STABILITY

 *water*

I am in flow, embracing events, relationships, and opportunities as manifestations of my own creation.

I spiral upward with enthusiasm, excitement and awe.
